

## Coarse Gold Found on a Tributary of the Skeena A Rich New Placer Field

M. F. Burke and Chas. Ek arrived in town Wednesday morning with a small bottle containing coarse gold which they report having taken from a claim they staked July 3rd on the Babine river, a tributary of the Skeena.

The boys came in to record the claim, but as Cons. Cline was out of town they had to wait around for a day.

The Babine river empties into the Skeena 70 or 80 miles above Hazelton. It is some distance up the Babine river that the prospectors ran into a big slide where they first came in contact with the gold. They then prospected down stream, getting gold in each pan. They reached a point that seemed to be an old river bed and there planted the discovery stake. They panned the gravel for a day and a half and recovered between \$40 and \$45 in coarse gold. They were getting short of grub and

were also anxious to get to the recording office so they came in.

Both men are very enthusiastic over their discovery and predict a stampede as soon as they are able to announce the definite locality. The old Klondyke days have returned and men getting better than a dollar a pan is the prediction of Burke and Ek. It is not far from town and there is no hardship getting in. They are going back as soon as they record and get new supplies. Burke is familiar with that country, having been in there four years ago. At that time he did not know as much about prospecting as he does now. He was too easily convinced at that time that nothing in the country was any good. He could not, however, forget and this summer he and Ek have found what they claim is a gold district that will startle the natives into activity.

### He Has A Broken Jaw

A Mud Creek resident who has been looking for trouble with his neighbors for several years, in fact until no neighbors were left, is now in the hospital with a jaw bone broken and a much more docile disposition. On Monday last, with his trusty gun, he undertook to scare the tenant of an adjoining farm out of the district when said tenant started to cut his own hay. But that tenant didn't scare worth a darn. Rather, he took possession of the gun removed the shells, then removed the intruder's spectacles, then the tenant knocked the intruder down, picked him up and poked him again. The man that had the gun thought he had enough for the present and considered a consultation with the doctor of more immediate concern. He is considering things at leisure.

### Member Tours District

Fred. Stork, M.P. for Skeena, has been visiting around interior points this week. On Monday he was in New Hazelton and Hazelton, giving the boys the once-over. He will make another trip up the line towards the end of August, to take in the Hazelton flower show, the Smithers fair, and the Telkwa barbecue. Mr. Stork says the country is looking very promising from the farmer's point of view. There should be a good crop throughout the whole country if nothing happens in the next two months to harm it.

James Lloyd was on the sick-list last week, but fortunately has quite recovered.

### Private Capital Stirring

Prince Rupert Board of Trade has started the ball rolling which it is expected will result in a purely local company being formed to handle grain through the new elevator for export. There is another committee of the board getting information about the costs of establishing a flour mill. Prince Rupert will move forward just as rapidly as the people get into business and use their own money that is stowed away in the banks and in Victory bonds. At the present time a healthier spirit is being shown than at any time since the early days.

### Natives Gathering

The population at Hagwilget was very materially increased on Friday last, when the Indians began to arrive by wagon from Moricetown and east on their annual visit to the local natives. The visitors are from all points east as far as Francois and Ootsa lakes. Their string of wagons reached the length of two blocks and they were a happy crowd. Hagwilget will be lively for a time.

### Paulson-Swanson

On Saturday afternoon last Olof Paulson and Miss Ida Swanson were united in marriage by Rev. A. C. Pound. The bride had arrived last week from Tan-nass, Sweden. The groom has been in the country for some years. The couple are residing in New Hazelton.

Miss Hattie Weaver left on Saturday night for Burns Lake.

## Will Entertain Board of Trade Of Vancouver

A meeting of the citizens of Hazelton was held Tuesday night when the entertainment of the Vancouver Board of Trade visitors was discussed. The visitors will arrive on the regular train at seven o'clock in the evening of Tuesday, July 21. Cars will meet them and drive the party to New Hazelton and then around by the hospital and down town where a musical evening will be provided in assembly hall. The entertainment on Wednesday will depend on what the visitors want to see. Some will want to see the mines, some the timber, some land, some might want to fish and others go sightseeing. Cars will be at the disposal of the visitors at all times.

A committee was appointed to take charge of the arrangements and they to have power to choose other sub-committees. The main committee members are:—Duke Harris, C. H. Sawle, R. S. Sargent, W. W. Anderson, C. W. Dawson, S. J. Winsby.

### Ten Inches Gold Ore

Ten inches of good gold and cobalt ore is what has developed thus far in the drift being run on the New Hazelton Gold & Cobalt property on the Rocher de Boule mountain. Duke Harris is well pleased with this season's work and hopes to have something nice to show Nichol Thompson and other members of the company when they come up with the Vancouver Board of Trade party the 21st of this month.

### Will Hold Dance

The New Hazelton members of the Women's Auxiliary to the Hazelton Hospital will give a dance in the Northern Hotel on July 31. Arrangements are under way to make it an enjoyable affair. Keep the date open. The proceeds are for the special purpose of buying new blankets for the hospital.

### Small Strawberry Crop

The strawberry growers are not finding it all sunshine and fat bank rolls. The fruit this year, what there is of it, is being handled by individuals, small groups and the secretary of the institute. Just how the system will work out remains to be seen. Fortunately the demand is good. Unfortunately the supply is poor. One man told the News that up to June 30th only 60 crates had been shipped out while last year at the same time 600 crates had gone to market. The prospect for late berries is not particularly good either.

## Rod & Gun Club In Early Stages of Organization

There was quite a gathering of rod and gun enthusiasts in Hazelton on Tuesday evening to discuss the formation of a local club. The first big problem to be faced was that of rules and regulations governing such organizations and whether the local club would be affiliated with the older clubs in Vancouver and other southern cities.

A committee composed of Wm. Gow and James Turnbull was appointed to secure copies of by-laws from other clubs and the desired information and then call another meeting.

Local people are in accord with the idea of organizing a club for the preservation of game and for improved conditions in regard to game. Up to the present, fish, birds, and animals have had but little protection from what are generally known as "killers"—men who hunt and fish not for the sport of the thing, but to slaughter. The club would help materially to counteract this practice.

The club would also be made to serve the purpose of an information bureau to deal with the increasing number of enquiries being received by local individuals each year from all over the continent in regard to fishing and hunting in this district.

### OVERHEARD AROUND NEW HAZELTON

Mrs. C. H. Sawle left Saturday to visit childhood friends at Francois Lake for a week or so. She will also visit with Mr. and Mrs. Ruddy at Burns Lake.

Mrs. S. H. Senkpiel and her youngest son spent last Saturday with friends at Nash.

The annual school meeting will be held in the New Hazelton school on Saturday night, at the hour of seven o'clock. There are two trustees to elect and other important business to transact. A large attendance of ratepayers is requested.

The C.G.I.T. gave a very successful concert and social last Saturday evening on W. S. Harris' lawn. There was quite a number from Hazelton present. The collection amounted to about \$18, and this will go to the girls' camping funds. They expect to go to Lake Kathryn again for a couple of weeks.

Prospects are now more favorable for a resumption of work in the pole camps at an early date.

The Herald is only \$2.00 a year. Send your subscription in today.

## Three Shifts on Bear Group in Kalum District

Mr. Hopper of Hopper, Davis & Co., Washington, D. C., who are developing the Bear group in the Kitsumkalum district, has been here looking the property over. He went out to the lake in company with Jack Hoar, the superintendent at the Bear and also at the Black Wolf, an adjoining property.

Mr. Hopper is well satisfied with the looks of the property and the way the work is being done. The first of the week the two of them went up to New Hazelton to get several horses to pack supplies from the lake to the mine and to bring ore out. The company has a truck on the road between Terrace and the lake. Three shifts are being put on a crosscut tunnel which will open up the one vein at a depth of a hundred feet. During the summer it is proposed to make a small shipment or two of ore to get a line on costs and relative values. Operations on a large scale will be undertaken as the development warrants.

Mr. Hopper has dealt extensively in B. C. timber land and in Saskatchewan wheat lands. He is now going to see what he can do in the mining business. He says he likes it so far.

Bishop Bunoz, of Prince Rupert, and Rev. Fathers J. Allard and LaVallee spent the week-end in New Hazelton. His Grace officiated at a confirmation service at Hagwilget on Sunday.

Olof Hanson was a welcome visitor in town the first of the week. He is leaving shortly for the east to look into prospects for ties and poles.

The Herald is indebted to Geo. McGrath for a copy of the Powell River Digestor, a very attractive magazine published for the paper town.

Mrs. Peter Smith, with Kathleen and Nellie, motored to Smithers on Monday afternoon and was a guest for a couple of days of Mrs. Geo. Wall.

Miss E. T. Sheasgreen left on Sunday morning for her home in Vancouver.

One of the boys who took in the Stampede at Prince George told us the other day on the train: "I never saw so many men swaying across the street before in my life. I did not have a drink myself, but from the swaying of the other fellows I caught the habit, too, so I went home to bed."

Messrs. Thompson and McLaughlin of Kimberley arrived Wednesday night to look over some of the properties in the district with Duke Harris.

Vernon Glass, of Prince Rupert, visited his parents here last week.

PRODUCTION DURING LAST TEN YEARS, \$372,604,725

Lode mining has only been in progress about 25 years, and only about one-half of the Province has been prospected; 200,000 square miles of unexplored mineral bearing lands are open for prospecting.

The mining laws of this Province are more liberal and the fees lower than any other Province in the Dominion or any Colony in the British Empire. Mineral locations are granted to discoverers for nominal fees. Absolute titles are obtained by developing such properties, security of which is guaranteed by crown grants.

N.B.—Practically all British Columbia mineral properties upon which work has been done are described in some one of the Annual Reports of the Minister of Mines. These concerning mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B.C. Reports of the Geological Survey of Canada, Pacific Building, Vancouver, are recommended as valuable sources of information.

## Terrace

H. B. Rochester, manager of the Hotel Prince Rupert, was a visitor to his ranch in the Lakelse last week and arranged with E. Michaud to erect a cabin on it. Harry figures on growing hay.

Misses Mona and Helen Greig left this week for Queen Charlotte to spend a few weeks with their mother, who is with Dr. and Mrs. Bleeker. Mrs. Greig expects to return home next month.

W. Noonan, C.N.R. agent at Telkwa, was a visitor last week.

Vernon Glass, of Prince Rupert, visited his parents here last week.

Miss May Reid has returned to her home in Prince Rupert after spending some ten days as the guest of Miss Elsie Kenney.

Mrs. Sutherland and son, of Prince Rupert, have taken up their residence for the summer at their ranch here.

M. P. McCaffery and Mrs. McCaffery and family, of Prince Rupert, are holidaying at Hill Farm for a short time.

Mrs. Murphy and children, of Prince Rupert, arrived on Saturday, and are guests at Hill Farm.

V. S. Moore, of Anyox, arrived home to spend his vacation with his parents, Mr. and Mrs. E. J. Moore.

Robt. Henwood has gone to Anyox, where he has secured a position with the Granby Co.

Dr. R. G. Large, of Hazelton, was a visitor in town last week. He was attending to the medical needs of the community in the absence of Dr. Ewart, who is attending a medical convention in Vancouver.

Sam. Kirkaldy and C. L. Gigg were business visitors to Prince Rupert this week.

R. E. Allen, of Hanall, was in town for a short visit this week.

Born—On July 6, in Vancouver, to Mr. and Mrs. R. W. Riley, of Terrace, a daughter.

Paul Walz met with a painful accident on Tuesday, when the rifle which he was carrying discharged accidentally. The bullet passed between his left arm and his body, and inflicted a bad flesh wound in the arm. The victim was removed to the Hazelton Hospital for treatment.

L. W. Patmore arrived from Prince Rupert on Friday and spent several days fishing and holidaying in general at Lakelse.

## Terrace Fall Fair

A meeting of the Terrace Fall Fair Board was held on Tuesday evening, and was well attended. All the committees reported progress. Every indication points to a bigger and better exhibition than has yet been held, and the offering of a cup and a silver medal as first and second prizes respectively for district displays is expected to stimulate a greater interest in this direction. The Fair date is Wednesday, September 16.

## Lakelse Valley

G. A. Clothier, resident mining engineer, accompanied by J. A. Michaud, left on July 2 to examine the "St. Paul" group on Thornhill mountain. He will also look over other properties before returning to Terrace.

Siguard Sjostrand has just completed a commodious hay barn on his place which adds much to the looks of his fine ranch.

Dow & Son are pulling stumps. They are to be complimented on the work they have done since locating in the Crescent.

Jack LaFrance has fenced his place and has finished his house. Rumor has it that he will not occupy it alone.

Alfred Bailey and sons are cutting piling on their ranch in the Crescent.

Frank W. Michaud arrived on July 4, to visit his brothers, Ed., Fred, and Albert, and his sister, Mrs. T. J. Kirkpatrick. Mr. Michaud has been afflicted for a number of years with a bronchial complaint which it is hoped to cure in the climate of the Valley. He has been in Arizona for six years looking for a cure. He has not seen two of his brothers since 1899.

## This Was a Slugfest

The Usk baseball team took a sweet revenge for their defeat on Empire Day at the hands of Terrace when they invaded the latter town on the First of July and defeated the home aggregation by the remarkable score of 31-6. Features of the game were McMillan's pitching for Usk, Jeff Oden's unassisted double play on third base, Campbell's running catches in center, and sparkling catches by Frank in center-field for Terrace. The line-up:

TERRACE—Ungerer c, Walberg p, Jordan 1b, Johnson 2b, Scott ss, Moore 3b, Lever lf, Frank cf, Kenney rf.

USK—"Slim" Jordan c, McMillan p, Edwards 1b, Lindstrom 2b, Kettle ss, Oden 3b, Brennan lf, Campbell cf, Baker rf.

The score—	R. H. E.
TERRACE .....	6 12 6
USK .....	31 31 3

Oscar Olander and Paul Brodin are in from Kalum Lake, having just returned from Maroon mountain, where they have been working on their claims. They report things looking very favorable in that locality.

W. F. Monckton, of Victoria, who has mining interests on Maroon mountain, in the Kitsumkalum Lake country, arrived this week and went out to his property at the lake.

Mr. and Mrs. P. R. Bennett, of Los Angeles, while on a pleasure trip over the C.N. Railway, stopped off at Terrace to look over some real estate holdings which they acquired here a few years ago.

Haying is now in full swing, and the crop locally is pretty good. The timothy crop in the Bulkley will not be as good as at first expected.

## The Welcome Sign

"NOBODY asked you, sir," said the coy maiden. And in matters of buying, as well as in affairs of the heart, most people like to be "asked". Often, indeed they insist on a proper invitation.

He is a wise merchant who keeps the welcome sign constantly before the community in the form of ADVERTISEMENTS in the home paper. There everybody sees it—for ADVERTISING is "the light of directed attention".

Speak up. Light up. Hundreds of good customers are listening for your message and watching for your welcome sign in "The Omineca Herald" and "The Terrace News".

## Usk

Skeena's Industrial Centre

Mr. and Mrs. Gardner of Pacific were visitors here during the week.

Miss Kelly of Seattle was here on a visit to her uncle, Steve McNeil. She and a friend were on the triangle trip.

Miss Inez Bashaw spent the week visiting her brother T. Bashaw at the Skeena Lumber Co. plant.

The Misses Marshall and Marsh are spending the forepart of the summer with Mr. and Mrs. D. McClarty.

A real Teachers' Dance was given by the Usk residents in the hall in honor of several visiting educationists and as a farewell to the Misses James, local teachers, who left for their home in Vancouver on Saturday. Being short of time to visit the Silver Basin, eight school teachers got as far as Chiminess creek and there had a great day's fishing for trout.

D. McClarty, road foreman, in company with A. A. McDonald, looked over the St. Croix creek trail and found it had been well cleared and was ready for traffic.

S. A. Davis who has been prospecting the north fork of Chiminess creek returned to town and reports very favorable luck.

Childish incendiarism or destructiveness and neglect by parents was the cause of a fire that had serious possibilities, but for a slight rain. Boys with matches started a fire in Lloyd's stable and soon that building was razed by the flames and the adjoining buildings had a hot time in spite of the rain. Parents who do not discipline their children are not playing fair with their fellows.

Mr. and Mrs. Thos. P. Aitken, San Francisco, were visitors in Usk during the week. They took in Silver Basin, going by way of Chiminess creek by horse back to eight mile, and on foot another six miles. This part of the trail has been only brushed out and Mrs. Aitken is the first woman to make the grade. They were accompanied by Capt. Willman and J. D. Wells, also Erling Willman and Gus Nyberg who stayed at the camp for the time being.

Mrs. Edwards of Prince Rupert and Miss Allen were guests of their sister, Mrs. J. W. Smith.

Mr. and Mrs. L. Lamaureux, of Fort Saskatchewan, fifty-year residents of the prairie, who arrived in a Red River wagon, are visiting with their daughter Mrs. R. W. Graves. They are on a three weeks trip and are enjoying the Skeena climate.

Andrew Falk has returned to Usk to reside.

H. B. Rochester, manager of the Hotel Prince Rupert, was a visitor to his ranch in the Lakelse last week and arranged with E. Michaud to erect a cabin on it. Harry figures on growing hay. W. Noonan, C.N.R. agent at Telkwa, was a visitor last week.

### Is Prospecting Now

Mr. Geo. Little is enjoying life once more. For some weeks, off and on, he has been in the hills prospecting, a job that appeals to him much more than manufacturing or other lines of business. A grub-stake, a pick and an ax, and he is happy. This year Mr. Little is prospecting on Leanto mountain. It is a new district that has not been gone over before and Mr. Little believes that he will locate something there that will please the native. He has a pretty fair showing of silver ore now and he is developing it. He has cut a trail in to his new property.

### Cemetery Board Re-elected

The Kitsumkalum Cemetery Association held its annual meeting on Tuesday evening, June 30. Despite the fact that there are approximately one hundred lot holders, none, save the board of directors, was present. The board was re-elected in toto, except that Capt. Amsbury was chosen to succeed H. S. Creelman, who has left the district. Discussion of projected improvements to the burial ground resulted in a decision to erect a suitable shelter at the cemetery and to remove the growth of willows and poplar within the enclosure. The treasurer reported sufficient funds on hand to carry out this work.

The many friends of Mr. and Mrs. Geo. E. Keith and Miss Kerr were pleased to welcome them back home again after an absence of about two years in the south, where Mr. Keith went in search of health. He is much improved and hopes to make Terrace his headquarters again indefinitely.

Mrs. H. L. Frank was a visitor to Prince Rupert last week.

W. C. Sparkes spent a day or two in Prince Rupert last week.

Terrace Weather for June—Temperature, highest 94 on 25th, lowest 39 on 21st; average 58; previous high 94 on June 5, 1924; 10-year average 57. Precipitation, 1.53; 10-year average 2.03. It will be thus observed that appearances are often deceiving. The month just passed was hotter and drier than has ever been recorded at Terrace for June.

Mr. and Miss Pollock, who have been visiting their sister, Mrs. A. R. Barker, returned to their home in the Okanagan Valley on Monday.

Geo. Clothier, district mining engineer, was in town on a tour of inspection of several of the mining properties in this vicinity. He was accompanied by Mrs. Clothier.

Miss May Reid has returned to her home in Prince Rupert after spending some ten days as the guest of Miss Elsie Kenney.

Mrs. Sutherland and son, of Prince Rupert, have taken up their residence for the summer at their ranch here.

## HAZELTON NOTES

Good insurance is not cheap; cheap insurance is not good. See Wm. Grant's Agency. 41

Miss Hickman and Miss Ford, of the Hazelton Hospital staff, have both been successful in the provincial examinations and are now fully qualified R.N.'s. They received high marks.

Rev. Victor Sansum, of Kispiox, motored to Smithers on Sunday, holding a service at Moricetown en route, and on Monday appeared before the Pensions Board at Smithers.

Mrs. Schaake, of Santa Rosa, Cal., arrived last week to visit for a time with her daughter, Mrs. A. D. Chappell.

The Women's Auxiliary to the Hazelton Hospital wishes to express its appreciation of the splendid assistance given its refreshment booth at the ball park on July 1. The Auxiliary funds benefitted to the extent of about \$75.00.

Geo. A. Black, and Mr. and Mrs. Hyland and son, Jack, of Los Angeles, Calif., were guests for a couple of days at the Omineca Hotel, and thoroughly enjoyed some fishing in the lakes and rivers hereabouts.

Mr. and Mrs. F. W. Lowery, of Prescott, Arizona, are guests at the Omineca Hotel, and are having a great time with the fishes in the district lakes and streams.

Stanley Benton has left for Telegraph Creek, via Wrangell, on his way to Iskut, where he will resume his duties with the Yukon Telegraphs.

As you patiently work with the specimens you hope to place on the Exhibition tables at Prince Rupert you will remember that the Directors and various Committees are devoting very many hours of time in the service of the District. Your Exhibits will show your appreciation. 01

Rev. A. C. Pound motored to Smithers the first of the week.

Miss Betty Jaynes left for her home in Cumberland, V.I., on Saturday morning, following the completion of her teaching duties for the term.

Dr. R. H. and Mrs. Will, Vancouver, were guests at the Omineca Hotel this week.

Ed. Hyde, Indian Agent, left on Wednesday on his annual trip into the Babines.

David Pratt of Skeena Crossing was here for a day or two.

Interment took place in Hazelton cemetery on July 3rd of John Henry Brown, son of John Brown. The death occurred at Port Eslington.

Provincial Constable Blaney, who did temporary police work at Telegraph Creek, has recently been posted at Hazelton with Cons. Cline. Hazelton has been made a police centre and two men will be stationed there in future. Short termed prisoners will be kept at Hazelton in future.

## The Late Mrs. Sallis

At ten o'clock Tuesday night, July 7, Janet Maria Sallis, mother of Mrs. H. C. Hindle, passed away at the Hazelton Hospital after a long illness. She was 74 years of age and the mother of ten children, all of whom are living. The deceased was a native of Cambridgeshire, but came to this country some years ago. The funeral will be held Friday afternoon at two o'clock from St. Peter's church and interment is to take place at the Hazelton cemetery.

For the past couple of years the late Mrs. Sallis made her home with Mr. and Mrs. Hindle. She was known to a good many in the district although her advanced years did not permit her to get around very much. The surviving family are as follows:—G. H. Sallis, Tunbridge Wells, H. L. Sallis, March, Cambridgeshire, Mrs. E. A. Dring, Littleport, Cambridgeshire, Eng., Mrs. G. Statelev, Bon Accord, Alta., Mrs. T. Ramsay, Oakland, Calif., Mrs. J. E. Moore, El Cajon, Calif., Mrs. H. Henderson, Seattle, Mrs. A. Watson, and Mrs. J. Reader, Vancouver, Mrs. H. C. Hindle. To them is extended the sympathy of the community.

## Woodcock

Mrs. Keling, of Kitwanga, was a caller in Woodcock early in the week.

Mrs. P. Demarco and two sons, of Dorreen, spent last Sunday with Mrs. J. Borsuk.

## In Loving Memory

Of Annie Proctor, married to the Rev. T. D. Proctor in St. John's Cathedral, Saskatoon, Sask., July 10, 1919. "Gone, but not from memory; gone, but not from love, but gone to her Father's Home above."

Mrs. Grover Turner and children, of Telkwa, were guests over the week-end of Gabriel and Mrs. Lacroix.

## SYNOPSIS OF LAND ACT AMENDMENTS

### PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

### PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

### HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

### LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

### GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under Grazing Commission. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to head.
